"KINGDOM JUSTICE"

PASTOR GREG SATTERBERG | MICAH 6:6-8

1. What comes to mind when you hear the word "justice"? Is it positive or negative? Why do you think this is?

2. What does the Bible mean by justice? How does our understanding of God and his creation shape our view of justice? Why is it important that our concepts of justice be grounded in God's character and plan?

3. How do you see a need for this Biblical justice in our world or even in our communities today? How might God be calling you to respond?
